Daugater, or Woman in the Temperance Beform," is the title of a new book of 550 "strait" at a somewhat notorious place in this city a few evenings since when a fellow citizen of African descent got into in this city. The book is a most enterestthe room and was invited into the game ing one and every chapter of it is drawn. In about a half an hour he had all the from real life with the necessary change of

TEMPERANCE.-The temperance crusad the past weak has been going on as usual, a couple of bands of ladies paying visitations several days in the week and usually olding service on the pavement. The meting at the Baptist church fuesday evening this week, was presided over by Mrs. Rev. L. M. Kuhns, whom the Ladies' League selected last week to succeed Mrs. Blocher, who resigned on secourt of ill health; Mrs. Frease was chosen Vice President. Kemarka were made by Mrs. Avery, Lewis Miller, of Akres, Mrs. Cook, Clark Tonner, and others, all ap-proving of the temperance movement. Mr. Miller spoke of the difficulties in suppressing entire.y the liquor traffic even where, as in Akron, they have a prohibit-

where, as in Akron, they have a prohibiting ordinance. The ladies of Akron be said had resumed the grassde as some ten of the princes were selling in violation of the ordinance. Two arrests had been made and trasts had, and the jury failing to agree, the result was a victory for the inquor selleral. He spoke of the great work good women had undertaken. Mrs. Kuhns in her sketch of the crusade operations of her band on Tuesday, spoke of one place where the family ware always busy dashing water upon the pavement and sweeping it off whenever the band came to visit. They also sometimes, indeed, generally treated the band to music, without much harmony. On Tuesday the ladies held service on the atreet outside of the pavements, and lace, were aplanted with dirty water. Mrs. R. also spoke of one saloon man who always received them politely and resulted all men who chanced to be man who always received them politely and required all men who chanced to be or came in, to take off their hats. His affable politeness was indeed an exception

The meeting was well attended and kept in fill about ten o'clock. This new establishment is now in suc-cessful operation, being in its second year. The machinery is all new and first-class in every respect, the Company therefore invite custom work in all its varieties. They will manufacture on shares or exchange for their own goods. Their manufactured work of all finds will compare the company of the c

o the general rule.

BURGLARY .- On Friday night about 3 m., W. W. Clark's residence on West Tuscarawas street, was entered by a burglar through a window, and a valuable gold watch and pocketbook stolen. The family were not disturbed and knew nothing of it till morning when they found the window open and the blinds cut. The same night, a little ister, Mrs. R. D. Kufin heard a window was and and soon a man walking a window raised and soon a man walking or sliding on the carpet. She awoke Mr. Kuhn, who sprang out of bed and turned up the gas when the midnight thisf left. Mr. and Mrs. Kuhu occupy the old Belden residence. Mr. and Mrs. Clark, we learn, had had their rest considerably broken with their children and hence were not aroused by the burglar's entrance. We advise our citizens to be on the alert for these maranders. The best and only arti-

WHY

WASHING MACHINE. \$15.

This Washing Machine not only excels all other Washing Mannines in the perfection of his work, but is warnaver to wash clothes in every respect Setter than they can be washed by hand. It can be operated by a bey or girl ten years old, or by a woman not strong enough to wash by hand. It is imple, sensible, strong, compact and durable, requires neither take mor washtourds, and has nothing to get out of order. It roughres one-half lass water and loss soep than washing by hand requires, does not aplash nor require the rulling up of sleeres, edings. The machine will wash large or small articles, singly or in quantileer with perfect facility—will reach anything, from a single strand of fine threat to the hearlest coverlet or carpet. It is especially adapted to washing the cry goods, washing and rinsing readily from 25 to 30 yards of heavy carpet per hour. The action of the Machine does not injure the clothes, though the try goods, washing and rinsing readily from 25 to 30 yards of heavy carpet per hour. The action of the Machine will save its cost yearly, on the saving of in an ordinary family the Machine will save its cost yearly, on the saving of clothes alone; besides, saving two-thirms of the time generally required in washing require no besides, saving two-thirms of the time generally required in washing require no besides, saving two-thirms of the time generally required in washing require no besides, saving two-thirms of the time generally required in washing require no besides, saving two-thirms of the time generally required in washing require no besides, saving two-thirms of the time generally required in washing require no besides, saving two-thirms of the time generally required in washing require no besides, saving two-thirms of the time generally required in washing require and besides of the operator atmate erect, or, if proferred, may set down. No cause two bowsers with the machine part to another far more readily senare pocular to be "New" Dashaway is, that any part of a general represent on that own
